**Register** by April 11: Phone ISPI Vancouver Voice Mail, **604-878-3484**, or email [locus.learning@telus.net](mailto:locus.learning@telus.net) (subject "Register me for ISPI April 15").

## About *Emerging Trends in HPT*

- In this interactive session led by **Trina Pouttu**, we will develop a snapshot of emerging trends and needs in our local performance technology world.
- Participants will work in large and small groups to identify current themes, issues, and needed skill sets that relate to the world of work here in the Lower Mainland. What's happening in your business? What learning needs are you experiencing? Help us to identify resources—human, electronic, or print—and lay the groundwork for the ISPI events for the coming year.
- Consider this session spring-cleaning! Dust off and regroup. Clarify the trends you're facing, and prepare for future opportunities and challenges.
- A resulting resource list will be made available to all on [www.ispi-van.org](http://www.ispi-van.org).

## Easily Accessible

**145 Chadwick Court**, North Vancouver, V7M 3H9, is an ICBC building that is just east of the **Seabus** dock. It is **not** the ICBC head office building, although Security there will give you directions if need be.

Pay **parking** is available in the Lonsdale Quay Market or in nearby outside lots off Carrie Cates Court and Lonsdale. Note: Chadwick Court "dead ends," and there is no parking there. Street parking is available on Lonsdale and Esplanade but is sometimes limited to 1 hour.
