

SAY CHEESE!

Join us for an ISPI Vancouver CRACKER BARREL!

We are excited to
bring you an ISPI
Cracker Barrel!

Cracker Barrels are a long-standing ISPI tradition. A Cracker Barrel features several presenters running simultaneous table discussions. At our June 8th event, we'll have 6 presenters, and they will all repeat their sessions 3 times. That means you need to pick the 3 presenters you most want to hear! Plus, we'll wrap up with a special presentation from Alex Laks, our VP Technology.

As your host for the evening, I encourage you to carve time in your schedule to join us for some nibbles of cheese and nuggets of learning. You can be guaranteed an interactive, informative and fast-paced evening.
